

1. Ile jest razem kaczuszek? 2. Policz koraliki. Dorysuj na drugiej nitce tyle koralików, aby razem było 13.
3. Pokoloruj tyle prostokątów, aby razem było 13.

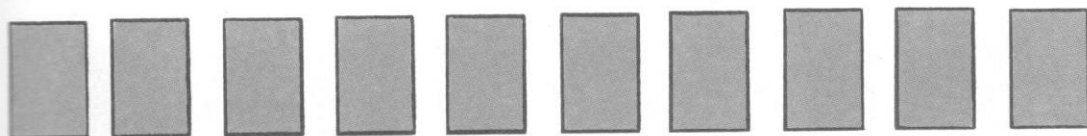

13

Ile jest razem?

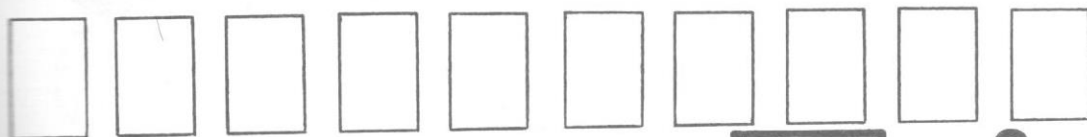

$10 + \square = 13$

$13 - \square = 10$

3

$\square + 3 = 13$
